PolkaBotAI - decentralizing AI with OriginTrail and Polkadot

Ljubljana, Slovenia, April 29th, 2024, Chainwire

The explosive rise of Artificial Intelligence has sparked the first stages of a new knowledge revolution, comparable historically with the invention of the printing press or the world wide web. Its sudden growth has painted a picture of threats and challenges such as hallucinations, bias, mishandling of intellectual [...]

'Moonrise' Initiative Signals Next Phase in Evolution for New-Look Moonbeam Network in Polkadot Ecosystem

Ambitious 2024 Roadmap Includes 8x Improved Throughput, zkAuth for Web2 DApps, Major Grants

Moonbeam Network, a smart contract platform for building cross-chain connected applications, announced the 'Moonrise' initiative anchored by a 2024 Product Roadmap that includes the introduction of parallel processing to improve throughput by 8 times, upgrading ecosystem integration, improving the developer and user experience, and more. Moonrise signals the next phase in evolution for Moonbeam and canary network Moonriver, which is incorporating Acala bridging technology.

More than two years since its maiden launch in January 2022, Moonbeam is well-established as the leading solution for integrating networks such as Polkadot.
